A series of holiday programmes has been planned for your child! Kiz, Let's L.E.A.D is designed to ignite the children's love for learning from a young age by encompassing the themes of environmental sustainability, active lifestyle, healthy living and giving back. Your children will gain first-hand experience in managing their social and emotional skills as they embody the essence of these themes through the programmes, empowering them with the right mindsets for life while they learn through play!

Leaders of Sustainable Environment (15-18 Mar 2021)

PROGRAMME SYNOPSIS

Your children will take the role of EcoHeroes (6 – 7 year-olds) or EcoRangers (8 – 9 year-olds) where their awareness about real-world environmental issues will be increased and they will be the Leaders to discover the possible solutions. Through storytelling and S.T.E.A.M.-based activities (Science, Technology, Engineering, Art, Mathematics), this 2-day highly interactive programme will provide them with a platform to apply their critical thinking and design thinking skills as they open themselves to an exploration journey with their curious minds.
